

## 10th International Conference & Exhibition on Biologics & Biosimilars. San Francisco, California, USA. October 16-17, 2017

BioSimilars 2017, invite you to attend the 10th International Conference and Exhibition on Biologics and Biosimilars in San Francisco, USA.

The 10th International Conference and Exhibition on Biologics and Biosimilars will provide an opportunity to hear and meet Researchers, Practitioners, Students, Clinicians, and Business Professionals to share expertise, foster collaborations and assess rising innovations across the world. This will be equally informative for participants who attend this meeting as well as for key opinion leaders who want to brush up on their knowledge outside their own area of specialization. This Conference will provide a forum for exchange of ideas and authoritative views by leading scientists as well as business leaders and investors in this exciting field. Outstanding keynote speakers and well known leading scientists and experts from around the globe will be expected to share their knowledge.

The main theme of BIOSIMILARS 2017 is “**Innovative and strategic approach for uptake of Biosimilars in the market**”. This biologics meeting focuses on the trends which the biosimilar markets is heading on since its launch till the present date and moving on to the projections in future. It takes into its fold the critical developmental procedures, analyses, regulatory factors and also pharmacovigilance including post marketing surveillance and clinical studies. Innovation and compliance to regulatory guidelines are the most critical aspects towards biosimilars and follow on biologics development and successful launching to the market.
