

2nd World Biotechnology Congress. Sao Paulo, Brazil. December 04-05, 2017

Conferenceseries welcomes you to attend the 2nd World Biotechnology Congress, during December 04 - 05, 2017 at Sao Paulo, Brazil. We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Biotechnology and its applications with the theme "Meeting the Needs of a Changing World."

This biotech meeting creates a platform for Policy-makers, Scientists, representatives and decision makers in biotechnology to present their latest biotech research and learn about all the important developments in biotechnology research. The applications of biotechnology include therapeutics, diagnostics, genetically modified crops for agriculture, processed food, bioremediation, waste treatment, and energy production. World Biotechnology-2017 is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists. Major topics discussed are Molecular Biotechnology, Industrial and Pharmaceutical Biotechnology, Medical Biotechnology and Biomedical Engineering, Food Biotechnology, Tissue science and Genetic Engineering, Agriculture Biotechnology, Animal Biotechnology, Environmental Biotechnology, Nanobiotechnology, Bioinformatics and Biosensors, Biotechnology investments and Biotechnology Grants, latest biotech research.

Target Audience:

Target Audience will be personnel from both industrial and academic fields which include; CEOs, COOs, Directors, Vice Presidents, Co-directors, Biotechnologists, Managing Directors, Industry Safety Officers, Environmental & Plant Scientists, Doctorates, Professors, Post Doctorate Fellows, Vendors of Consumer Products/ Managers, Pharmaceutical Scientists, Students from the related fields.

Conference Title: 2nd World Biotechnology Congress

Conference Date: 04-05 December 2017

Conference Venue: Sao Paulo, Brazil
